FRONT END

Bilingual front-end developer who is eager to learn new skills and to contribute to the digital landscape with my technical skills. Experienced in JavaScript, React, Next.js, Astro, Jekyll, Tailwind CSS, Git and HTMC/CSS.

I am passionate about learning and growing in a collaborative environment. Committed to crafting, engaging functional user interfaces, seeking opportunities to apply my skills, and contributing to the success of exciting projects. I am looking for an environment that fosters continuous learning and provides challenges to drive my professional development. I am excited to be part of a dynamic team and contribute to the development of innovative digital experiences.
